

Dear Parents:

We hope you've been having an amazing summer! As another school year approaches, we wanted to tell you about some changes you may notice when using the First Presbyterian Academy ordering/payment platform this year. First, the service we use, Orderlunches, is now called Boonli. While the software has a new name, the platform still provides the same secure and time-saving features, but with some additional benefits:

- Starting in early fall, the platform will be mobile ready! Once that update goes into effect, you will be able to log in from anywhere – smartphone, tablet or computer – and order lunches. The PTO is also looking into the platform offered for ordering spirit wear. More info on that to follow.
- The platform saves you valuable time and makes finding what you're looking for even easier.
- You'll discover a new way to order with color-coded features, so at-a-glance you can see how many items are in your cart, what orders have been placed and the total number of users with an order each day.
- Like always, you'll be able to star favorite items, so the platform will automatically select them every time they are offered.
- After saving an order, if you'd like to copy that order to other users it's as easy as a click of a button.
- Navigation is simple – just click on the menu icon in the upper left-hand corner to open up tabs to your order history, profile, program information and help menu.

As a reminder, to access the platform visit www.boonli.com. The first time you visit a tutorial will pop-up to offer a quick and guided walk through. The platform is very user-friendly and intuitive and we think you'll love how easy it is to manage your orders and payments.

If you have any questions, please let us know.

Enjoy the final weeks of summer!
